

# Unreasonable Reviews

Name \_\_\_\_\_ PD \_\_\_\_\_

List 4 of your favorite venues: Restaurants, Attractions, Theatres, Shops, Vacation spots... Then look for 1 unreasonable review for each. If it sounds like it was written by a bratty child, it might be just right for this project. You don't have to use the whole review, just quote a few words for your poster. Avoid anything that seems like bullying or might be inappropriate for school. Amber Share will be our contemporary artist of reference.

Using the work of artist **Amber Share** as an example, use the back of this paper to make a poster that illustrates one venue in a positive way, but includes the negative review (or part of it) in a way that the text and the image are unified. (Not just text off to the side.)
